That is fantastic news! Also—the Stem Cell report should be coming through soon. I asked for some edits, including some acronyms to be spelled out—but the Director is out of the office so it is delayed a few days. Fortunately, they turned it in way ahead of schedule!

I also sent Mike Cook some suggested edits in track changes for the long term care report. I hope to hear back from him in a few days.

I have not heard anything more on the OCAP report, but hopefully will soon (problem with computer/formatting).

We are cooking!!! 😊

Good news! This report has already cycled through review in our office and I'm ready for the electronic version and cover letter. I will keep the hard copy until I officially submit the electronic version.

Great teamwork, guys!
Joy
